Debby Belcher
Teacher, Third Grade
At HSCS since 1990

Education

BA in Elementary Education from Idaho State University

Experience

In addition to teaching at HSCS, I taught a literacy class for the Pocatello School District for several summers.

Interests

There are many things I love doing. Spending time with my family is at the top of my lists. Being a grandmother is an exciting adventure each day. I marvel at their uniqueness and their curiosity. Teaching is also one of my passions. Each class of students is unique community ready to share their adventures, interests, and desires. At the end of the year, I am always taken back by how much of each of us; I and the students have grown during that year. Outside of the classroom, I enjoy spending time outside, cooking, and reading.
