

Thursday, Feb. 21 from 5:30 - 7:00 p.m.

We have some exciting things that will be happening in conjunction with this event:

- 1) Tours will be available for our new middle school wing! It is so beautiful! The classrooms are big, the cabinetry and floors are so cool and all of the natural light is sure to brighten up anyone's days! The wing will not be up and rolling for a while yet, but ready enough to showcase what we are excitedly envisioning in the very near future for our teachers and students.
- 2) 2) All the classrooms and teachers on the whole campus will be available for visitors, friends, and current families to visit and see all that is offered at our amazing school.
- 3) Information about enrollment will be available.
